DAYTONA GREENS IN PLENTY.

Tracking Interests Are Assuming
Gratifying Proportions—Car
Shipments Now On.

CELERY ADDED TO THE LIST.

The first car shipment by the Day-
tona Truckers and Fruit Growers' Asso-
ciation went forward to the East this
week, and it is being followed daily by
large express shipments, North and
East.

The vegetable district just west of the
city is a sea of green, and everything
looks to be in the pink of condition.
The territory is being widened every
season and now the trucker is no "small
potato," nor does he grow the small variety
of tuber.

Since the initial car shipment a car,
perhaps, has gone forward in express
shipments, the prices being sufficiently
enticing to justify sending vegetable by
express. And the good work goes mer-
rily on, and will continue to go on as
long as Yankee appetite and Yankee
money hold out.

W. F. Holmes, O. L. Spring and others
are still shipping largely of lettuce
by express, and prices remain remuner-
ative.

Fred Brubaker has made the first
large shipment of celery. He has been
selling quantities of it on the local
market for some time.

It may be of interest to know that
quite good shipments of celery have
been going to Miami, as have shipments
of oranges also. Later in the season
Miami will send to Daytona for their
sugar corn. Would you have thought
it? When it comes to producing "green
goods" (of the edible variety, of course),
Daytona may always be counted upon
to occupy a conspicuous place in the
forefront.

Shipments are just now getting under
good way, and as the season advances
the local truckers expect to give a good
account of themselves.

GRISCOM FITS OUT A RELIEF SHIP.

Is Giving Attention To Most Ur-
gent Needs of Sufferers Pend-
ing Further Arrivals.

(By United Press.)
ROME, Jan. 7.—Ambassador Griscom
started today for Messina, taking \$50,-
000 of his own funds as an emergency
relief. He hopes to perfect arrange-
ments for the distribution of supplies
being rushed by Americans. Till the
four battleships arrive the relief ship
Bayern, which has been fitted at Gris-
com's own expense, flying red cross flag,
will attend to most pressing needs.
Griscom will be reimbursed by red cross
contributions.

HOT TIMES COMING FOR WALKER.

The Deposed President of The
United Mine Workers Charg-
ed With Graft.

WALKER IS UNDER INVESTIGATION.

(By United Press.)

INDIANAPOLIS, Jan. 7.—Thomas
L. Lewis has been elected President of
the United Mine Workers of America
over John N. Walker, of Illinois. The
work of the national talliesmen is so near
completed as to show this to be correct.

The figures are not to be made public
until the convention meets, on January
19th. President Lewis is expected to
sharply rebuke the tactics that it is al-
leged have been employed by Walker
to secure the office. It is highly prob-
able that Walker will be suspended
from the organization if Lewis can
prove Walker guilty of alleged charges
of corruption and graft.

JOLLY KENTUCKIANS OFF FOR PEARL OF ANTILLES.

A Peep At Daytona Decides Them
To Return For a Longer
Visit.

It was a representative party of bright
and jolly folk from the Bluegrass State
who descended upon Daytona, unan-
nounced, Tuesday evening, and after a
flying trip up the Tomoka, and a hasty
run around town, departed next even-
ing for the lower coast and Cuba.

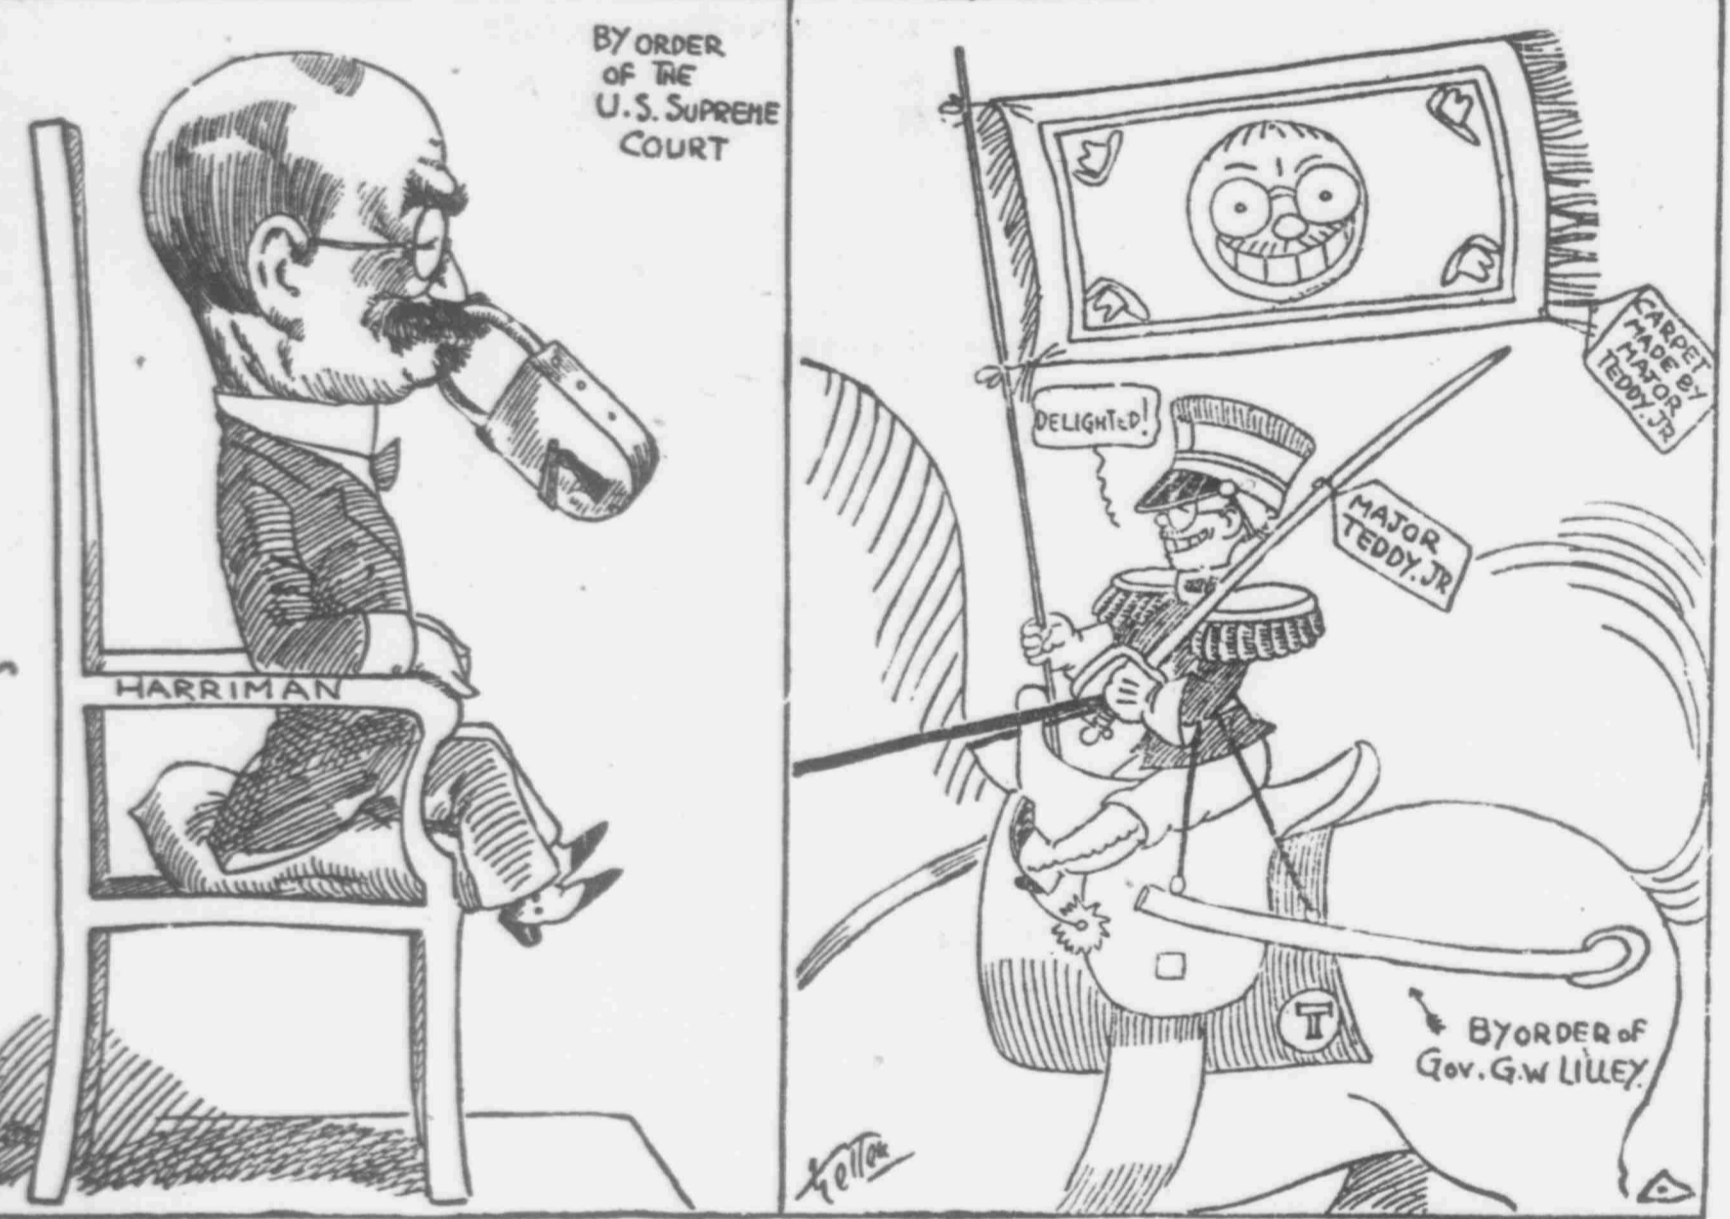

The party was chaperoned by that
Prince and Princess of good Kentucki-
ans, President H. K. Taylor and wife,
of the Kentucky Wesley College, Win-
chester. This is to say, the party was a
select of the elite.

They were charmed with the glimpse
they got of Daytona, so much so that
they decided on the spot to change their
itinerary, and will return for a longer
stay. They said they would shorten
their visits to less attractive and less in-
teresting points, and put in the time in
Daytona. They want a spin on Day-
tona's incomparable beach; a trip down
the Halifax, where the clumsy pelican
turns aquatic somersaults; where fish-
hawks lug off floundering loads of mul-
let, and where herons and cranes stand
in political staidness awaiting a meal.

The party found the Stillman so plea-
sant and the mops so tempting they
will make this hostelry headquarters
upon their return.

The following composed the party:
Miss Hattie Mae Bond, Maysville; Mr.
William Heller, Mr. and Mrs. Howard
Jeffins, Louisville; H. C. Willette, Paris;
Mrs. A. M. Jones, Mayfield; Miss Minnie
Murphy, Williamsburg; Mrs. James
Thompson, Huntington, Ind.; Miss Alice
E. Jett, Winchester; Mr. and Mrs. Jas.
S. Helm, Lexington, and President and
Mrs. H. K. Taylor, Winchester.

Roy Fulgham, the young son of
Mr. and Mrs. J. W. Fulgham, has
recovered from his illness, and is
again attending school.

SAMSANK DEMANDS CONSTITUTION

Persian Insurgent Defies The Shah
And Says Nothing But Con-
stitution For Him.

THE OLD WORLD IS AWAKING.

(By United Press.)

TEHERAN, Persia, Jan. 7.—Baktari
tribesmen are pillaging villages near Ispahan,
defying the authorities of the
Shah. Lawlessness follows the dictator-
ship of Samsank, the insurgent leader,
who today completely controls the Ispahan
and surrounding province. The
Shah offered the governorship of Ispahan
to Samsank, but the insurgent leader
declined, declaring defiantly that nothing
less than the granting of a full con-
stitution to his country will be accep-
ted.

A BRAND NEW DEAL IN VOLUSIA OFFICIALDOM.

Chairman of County Commission-
ers Appoints Heads of Various
Standing Committees.

The retiring board of County Commis-
sioners went out Monday with the ex-
piring day and the new board assumed
the reins of government Tuesday.

G. W. Fisher, of DeLand, is chairman
of the new body. The chairman made
the following appointments of standing
committees:

Finance—S. B. Owens, chairman; J.
G. Cade, W. D. Bradshaw.
Building and Poor House—R. D.
Brooke, chairman; J. G. Cade, G. W.
Fisher.

The new board held the first session
but did nothing of especial interest.
The new sheriff, E. L. Smith, who
happens to be a Daytonian, was on hand
and took the oath to faithfully conduct
this important arm of the body politic.

Sheriff J. R. Turner retires after long
and faithful service. The reporter called
at his office but Mr. Turner was out.
On his desk were observed a box of frag-
rant high-quality cigars and a sealed
package of unknown contents, these
certainly being tokens of esteem from
friends who appreciate the faithfulness
of his long public service.

Mr. Turner's friends over this way will
be glad to learn that he has taken a
beach cottage and he and family will
come over for a protracted stay on the
ast.

A WHIFF OF NEWS FROM THE FAR WEST.

They Are Always Interested In
The Fish and in Florida
Weather.

A social letter to F. D. Spring of Ivy
Lane from C. A. Steele who is this win-
ter in Seattle, Wash., is of local interest
and Mr. Steele will pardon the News for
making a few excerpts:
"The fair is going to be a big thing
and they are well along with the whole
business. Many buildings are now
ready and most of the balance are near-
ing completion. It looks as if every-
thing will be in readiness for the big
show June 1st.

"It has not been any colder yet than
the spells we had in Daytona last winter
but when there is a frosty spell it don't
warm up in the middle of the day as it
does south. There has been no snow
and not nearly so much rain as I ex-
pected, so flowers are blooming out of
doors yet. I have built a good warm
house and, having a furnace, we are
much more comfortable than we were
during the cold snaps down there. It
takes very little fire to heat up here.

"I have failed to find any notice of
the activity of our friend Rieman in the
Florida papers. Has he shaken the dust
of Daytona from his feet? Surely he
couldn't stay there and be out of the
public eye. Hope he didn't take the
model farm with him.

"I saw by a late paper that the fish-
ermen had been making good catches of
all kinds. I hope you were one of the
lucky ones and brought in some good
big trout. Down off some of the docks
here I noticed they were getting a few
fine salmon trout, two or three Sundays
ago, with rod and reel. I watched for a
while so as to get on to their ways, for
some time I expect to be after them
myself. They use lighter tackle than
we do down there and the average size
of fish caught was smaller than the Flori-
da trout.

"We had a good time Christmas but
don't get out much as it was the worst
stormy day since we came, the wind
blowing about 45 miles per hour and ac-
companied by some rain."

Hankins says:

No matter how beautiful your
face may be or how erect your car-
riage—you're neither good looking
nor graceful if you walk as if you
had a sore corn.

Nyal's Corn Remover will rid you
of those fretful corns and do it in
short order. 25c.

HEADING FOR THE U. S. SENATE.

Halt Called Because Democrats
Proposition To Contest The
Governor's Election.

LEGISLATION IS NOW BLOCKED.

(By United Press.)

SPRINGFIELD, Ill., Jan. 7.—The
inauguration of Chas. S. Deneen as
Governor was indefinitely postponed to-
day, when the general assembly got into
deadlock over the proposition of the
Democrats to contest the Governor's
election.

No legislation will be possible till vote
is canvassed.

DE ARMOND COMPANY DELIVER THE GOODS.

Present An Excellent Program
And Have Large and Respon-
sive Audience.

The Baptist church people have set a
high standard to live up to in the
inaugural performance of their concert
course. The De Armonds proved to be
a strong company, each an artist in his
or her line.

The enthusiastic encores following
each number attested the thorough en-
joyment of the program. It was a
good-natured audience who went out
for a pleasant evening and they had it.
This was shown when A. K. Brokaw in
sounding a key for the musicians was
roundly applauded.

The main auditorium of the church
was comfortably filled and a few occu-
pied seats in the Sunday School room.
The concert was sufficiently meritorious
to justify a packed house.

Looking Ahead.

There is nothing like being up-to-date,
but J. H. Gittins, who conducts a fish
and oyster market on South Beach
street, is more progressive than the
average citizen of this section, for, judg-
ing by the manner in which he has
placed his business sign on the roof of
the building, he is evidently prepared to
catch the attention of the first airship
that visits these parts. It would be dif-
ficult for any but a man in a balloon or
a flying machine to decipher the sign.

THE FISHING IS SAID TO BE POOR

In The Matanzas Waters—Will
Be Poor In The Mosquito
Lagoon.

WHY NOT HAVE RESTRICTIONS?

The Daily News has it from pretty
good authority that professional net
fishermen have worked the St. Augus-
tine district to a practical finish; so
much so that only the novice or the most
patient fishermen with rod and reel will
waste his time fishing up there. It be-
ing no longer profitable to set nets in the
Matanzas waters these fishermen have
come down this way and are now plying
their trade in Mosquito Lagoon.

If this be a correct statement of fact
—and this editor gives credence to the
statement or he wouldn't give the sub-
ject this time and space—it is a misfor-
tune for the towns in this section—Day-
tona, Port Orange, Ponce Park, Coro-
nado, New Smyrna, Hawks Park, Oak
Hill and Titusville.

From Daytona south to Titusville the
fishing is notoriously good and it is a
rare thing that a fishing party returns
home empty-handed. It is of the utmost
importance to this section to see to it
that these waters remain plentifully
stocked with fish. Hundreds come here
for the privilege of indulging in the de-
lightful pastime of fishing with hook
and line, and if the fish are caught by
wholesale and shipped out for purely
mercenary consideration the day will
speedily come when such persons—
the hook and line enthusiasts—will
look elsewhere for a haven of retreat.

It is a well known fact that if you
take out the mullet, the bass, trout and
other fish that feed upon the mullet will
hunt other feeding grounds.

On Long Cruise.

The yacht "Daisy," of Memphis,
which arrived here Tuesday night, was
in these waters last winter, and is owned
by R. Galloway, and captained by H.
Stevenson. She is 97 feet in length, by
17 foot beam, and is propelled by two
50-horsepower Standard engines.

The "Daisy" is on a cruise to the Ba-
hamas and Cuba and possibly Mexico.

THE JURY IN ALL-NIGHT SESSION

(By United Press.)

MEDIA, Pa. Jan. 7.—The jury in the
celebrated Erb murder case returned a
verdict of not guilty in the trial of Mrs.
Clayton Erb and her sister, Mrs. Cath-
erine Beisel, charged with the murder of
Captain J. Clayton Erb, prominent Phila-
delphia politician.

The killing of Captain Erb occurred
October last at Red Gables, his country
home near Philadelphia. The jury
reached a decision after an all-night ses-
sion and much wrangling and frequent
instructions from the presiding judge.

NEW YORK ASSEMBLY NOW IN SESSION.

Governor Hughes' Pet Theories
Likely To Go Through With-
out Opposition.

(By United Press.)

ALBANY, N. Y., Jan. 3.—The One
Hundred and Thirty-second session of the
State Legislature is in session ready for
work. Thos. W. Wadsworth, Speaker
of the House, and John Rains, president
pro tem of the senate. There is an un-
usually large amount of prospective
legislation confronting the assembly.
There is little opposition to Governor
Hughes' pet theories in sight.

The principal feature of the morning
session was the Governor's 5,000 word
message.

Ugly Gang Gets Sentence.

(By United Press.)

MOUNT HOLLY, N. J., Jan. 7.—The
jury in the assault case against Charles
Nelson, Harry Van Shiver and Fred Van
Anburg returned a verdict of guilty to-
day. The men were convicted of as-
saulting a notorious woman, burning
her body. The balance of the gang im-
plicated were discharged on account of the
court's inquiry into the reputation of
the assaulted woman.

A betrothal which aroused much interest in political and financial circles
in Pittsburgh and New York was that of Miss Catherine Vilsack of Pittsburgh
to John F. Mulcahy of New York. Miss Vilsack is an heiress and one of the
most beautiful young women in Pittsburgh. Her personal fortune is estimated
at \$3,000,000. Mr. Mulcahy is a famous athlete and yachtsman and is popu-
lar in political circles in the metropolis.

Seabreeze News

SEABREEZE, Jan. 7.—The Ladies' Sewing Circle met Wednesday afternoon at the Glenwood. Mrs. A. B. Clark was pleasant hostess of the afternoon.
Harry C. Wilson is duly installed as Justice of the Peace of the district and is holding forth at his office in the Knowlton block.
J. W. Erreger, who never does things by halves, has greatly improved his pier by an 80-foot extension, built a new boat house and installed a mechanical appliance for hoisting the boat out of the water when not in use.
The pretty Beach home, on Halifax avenue, is being further improved by the addition of a west porch with an octagon tower. A growing appreciation of the desirability and enjoyment of more out-of-door-life here suggests generous porch room.
Mrs. Percy Stevens arrived from Atlanta yesterday afternoon and joined her friends, Mrs. and Miss Phillips on Ocean boulevard.
Wm. B. Hatch, who has a fine river front home here, is proprietor and editor of two Ypsilanti papers, the Daily Press and Ypsilanti Weekly. He has been writing a series of very interesting articles on this section of the country and incidentally giving Seabreeze and vicinity a good bit of advertising. These sketches are entitled "Sentiment of the Southland," and show the writer's artistic appreciation of nature's lavish display of force and beauty in this semi-tropical country.
Miss Marion Hatch arrives from Cheshire, Mass., today on a visit to Miss Helen Burgham.
Mrs. Burkner has been making some very pretty shell bags and curtains, in which the tourists are very much interested.
Miss Lena Tomlinson has tendered her resignation of the Bulow school, after having successfully conducted the first half of the term.
Dr. Evernden reports interest in the Sunday school steadily increasing. Dr. Evernden is the right man in the right place when it comes to building up community interests.

All copy for change of advertisements in the Daily News must be sent in not later than 3:00 o'clock the day preceding which the ad. is to appear.

Taming Patti.
Patti was to sing on a certain date at Bucharest, but at the last moment she declined to leave Vienna. It was too cold; snow everywhere; she would not risk catching her death of cold. M. Schurmann, the impresario, was in despair until a brilliant inspiration came to him. Quickly he telegraphed to the advance agent in the Roumanian capital: "At whatever cost Patti must receive an ovation at Bucharest station from the Italian aristocracy. Send me by return the following wire: 'The members of the Italian and Roumanian nobility are preparing to give Mme. Patti a magnificent reception. The ministry will be represented. Processions, torches and bands. Telegraph the hour of arrival.'" The advance agent carried out this instruction, and when the wires arrived in Vienna it was handed to Patti, with the desired effect. "How charming!" she murmured. "What time do we start?"

His Wonderful Invention.
Australia, as is well known, is infested with rabbits, a most destructive and multitudinous pest. Not long ago a man invented the following plan: You go out into the field from which the rabbits are to be removed. You saw down a tree, and on the slant of the stump you paint a black spot. Then you keep very quiet, so that the rabbits will come back from their burrows and feed as usual. When a large enough number has collected you clap your hands sharply. The effect will be electric. The rabbits will jump in haste for their burrows. At least one is sure to mistake the black spot for his hole and make for it. Invariably he will dash his brains out. This process, repeated often enough, is warranted to exterminate the rabbit forever.
The reports do not say whether there are any rabbits left in Australia.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pelucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and cool and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pilican pouch a fat mullet, and that fish hawk straggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood Avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked liveoaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish dapples, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines running riot in the trees see the cryptogamous forms which gain a foothold on the great oaks and the stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

It is not only the exterior of many of these homes that rivets attention; within they are models of convenience, and the finish and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed it is the interior arrangement and the artistic furnishing and shading, more than the exterior appearance that give a surpassing charm to Daytona homes. This feature justly merits prominence as wonder number four.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact, must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard-of

place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eve callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. You are reminded of Goldsmith's couplet where Smiling spring its earliest visit paid And summer's lingering blossoms are delayed.

In one yard roses of variegated hues predominate, another household have a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish.

The Fastest Autos And The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or from Timbuktoo and you will be "shown." Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene.

Everything goes, from a 2-horsepower up to a 200-horsepower, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.
